

Anti-Human/Mouse PDPN/Podoplanin Antibody (SAA0351)

Summary

Catalog No. RHJ17401

Clone ID SAA0351

Host species Mouse

Species reactivity Human, Mouse

Form Liquid

Storage buffer 0.01M PBS, pH 7.4, 0.2M Arg

Concentration 1.34 mg/ml

Purity >95% as determined by SDS-PAGE.

Clonality Monoclonal

Isotype IgG2a, kappa

Applications ELISA, FCM, IHC, WB

Podoplanin, Aggrus, Glycoprotein 36, Gp36, PA2.26 antigen, T1-alpha,

Target T1A, 29kDa cytosolic podoplanin intracellular domain, PICD, PDPN, GP36,

PSEC0003, PSEC0025

Purification Protein A/G purified from cell culture supernatant.

Endotoxin level Please contact with the lab for this information.

Accession Q86YL7

Recombinant Proteins & Antibodies

Use a manual defrost freezer and avoid repeated freeze-thaw cycles.

Stability and Storage Store at 4°C short term (1-2 weeks). Store at -20°C 12 months. Store at -

80°C long term.

For research use only. Note
