

Anti-Ganglioside GM1 Antibody (WO1)

Summary

Catalog No. RGK28703

Clone ID WO1

Host species Mouse

Species reactivity General

Form Liquid

Storage buffer 0.01M PBS, pH 7.4.

Concentration 1 mg/ml

Purity >95% as determined by SDS-PAGE.

Clonality Monoclonal

Isotype IgG2a, kappa

Applications ELISA

Target Ganglioside GM1, Ganglioside A2, Ganglioside G4, Ganglioside GGtet1,

Ganglioside GI, Monosialoganglioside GM1

Purification Protein A/G purified from cell culture supernatant.

Endotoxin level Please contact with the lab for this information.

Accession ChEBI: 61048

Use a manual defrost freezer and avoid repeated freeze-thaw cycles.

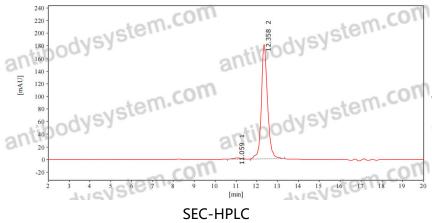

Stability and Storage Store at 4°C short term (1-2 weeks). Store at -20°C 12 months. Store at -

80°C long term.

Note For research use only.
