

Anti-phOx/2-phenyloxazol-5(4H)-one Antibody (NQ16/113.8)

Summary

Catalog No.	RGN09901
Clone ID	NQ16/113.8
Host species	Mouse
Species reactivity	General
Form	Liquid
Storage buffer	0.01M PBS, pH 7.4.
Concentration	1 mg/ml
Purity	>95% as determined by SDS-PAGE.
Clonality	Monoclonal
Isotype	IgG2a, kappa
Applications	ELISA
Target	2-phenyloxazol-5(4H)-one, 2-phenyloxazol-5 4h-one, phenyloxazolone, 2- phenyl-5-oxazolone, 2-phenyloxazolone, 2-phenyloxazolin-5-one, 5 4h- oxazolone, 2-phenyl, 2-phenyl-5 4h-oxazolone, 2-phenyl-1,3-oxazol-5 4h- one, 2-phenyl-4h-oxazol-5-one, 2-oxazolin-5-one, 2-phenyl
Purification	Protein A/G purified from cell culture supernatant.
Endotoxin level	Please contact with the lab for this information.
Accession	ChEBI: 60296

Recombinant Proteins & Antibodies

	Use a manual defrost freezer and avoid repeated freeze-thaw cycles.
Stability and Storage	Store at 4°C short term (1-2 weeks). Store at -20°C 12 months. Store at -
	80°C long term.
Note	For research use only.
