

# Recombinant Human RNF2 Protein, N-His

## Summary

---

|                                   |                                                                                                                                                                                                                                                                                                  |
|-----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Catalog No.</b>                | YHN31501                                                                                                                                                                                                                                                                                         |
| <b>Alternative Names</b>          | Huntingtin-interacting protein 2-interacting protein 3, RING-type E3 ubiquitin transferase RING2, E3 ubiquitin-protein ligase RING2, HIP2-interacting protein 3, DING, RING finger protein 1B, BAP1, Protein DinG, RING1B, RING finger protein 2, HIP13, RNF2, RING finger protein BAP-1, RING1b |
| <b>Form</b>                       | Lyophilized                                                                                                                                                                                                                                                                                      |
| <b>Storage buffer</b>             | Lyophilized from a solution in PBS pH 7.4, 0.02% NLS, 1mM EDTA, 4% Trehalose, 1% Mannitol.                                                                                                                                                                                                       |
| <b>Purity</b>                     | >90% as determined by SDS-PAGE.                                                                                                                                                                                                                                                                  |
| <b>Applications</b>               | ELISA, Immunogen, SDS-PAGE, WB, Bioactivity testing in progress                                                                                                                                                                                                                                  |
| <b>Endotoxin level</b>            | Please contact with the lab for this information.                                                                                                                                                                                                                                                |
| <b>Expression system</b>          | E. coli                                                                                                                                                                                                                                                                                          |
| <b>Accession</b>                  | Q99496                                                                                                                                                                                                                                                                                           |
| <b>Protein length</b>             | Glu225-Lys336                                                                                                                                                                                                                                                                                    |
| <b>Nature</b>                     | Recombinant                                                                                                                                                                                                                                                                                      |
| <b>Predicted molecular weight</b> | 15.13 kDa                                                                                                                                                                                                                                                                                        |
| <b>Stability and Storage</b>      | Use a manual defrost freezer and avoid repeated freeze thaw cycles. Store at 2 to 8°C for frequent use. Store at -20 to -80°C for twelve months from the date of receipt.                                                                                                                        |
| <b>Reconstitution</b>             | Reconstitute in sterile water for a stock solution. A copy of datasheet will be provided with the products, please refer to it for details.                                                                                                                                                      |

## Recombinant Proteins &amp; Antibodies

**Species** Homo sapiens (Human)

**Shipping** In general, proteins are provided as lyophilized powder/frozen liquid.  
They are shipped out with dry ice/blue ice unless customers require otherwise.

**Note** For research use only.
