

Feline IgG1 Isotype Control antibody (HyHEL-10)

Summary

Catalog No. FFJ92810

Clone ID HyHEL-10

Host species Feline

Conjugation Unconjugated

Form Liquid

Storage buffer 0.01M PBS, pH 7.4.

Concentration 1.6 mg/ml

Purity >95% as determined by SDS-PAGE.

Clonality Monoclonal

Isotype IgG1, kappa

Applications FCM, Isotype Control

Target Control, Isotype control

Purification Protein A/G purified from cell culture supernatant.

Endotoxin level Please contact with the lab for this information.

Use a manual defrost freezer and avoid repeated freeze-thaw cycles.

Stability and Storage Store at 4°C short term (1-2 weeks). Store at -20°C 12 months. Store at -

80°C long term.

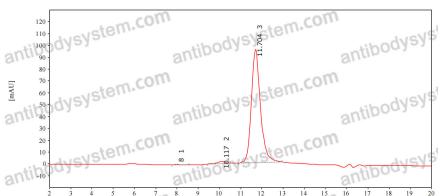

Note For research use only.
