

Anti-Human IDH1-R132H-specific Antibody (HMab-1)

Summary

Catalog No. RHB33404

Clone ID HMab-1

Host species Mouse

Species reactivity Human

Form Liquid

Storage buffer 0.01M PBS, pH 7.4.

Concentration 1 mg/ml

Purity >95% as determined by SDS-PAGE.

Clonality Monoclonal

Isotype IgG2a, kappa

Applications ELISA, IHC, WB

IDH1, IDH, NADP(+)-specific ICDH, Isocitrate dehydrogenase [NADP]

Target cytoplasmic, PICD, IDP, Cytosolic NADP-isocitrate dehydrogenase,

Oxalosuccinate decarboxylase

Purification Protein A/G purified from cell culture supernatant.

Endotoxin level Please contact with the lab for this information.

Accession 075874

Recombinant Proteins & Antibodies

Use a manual defrost freezer and avoid repeated freeze-thaw cycles.

Stability and Storage Store at 4°C short term (1-2 weeks). Store at -20°C 12 months. Store at -

80°C long term.

For research use only. Note
