

Anti-M6P Antibody (M6P-1)

Summary

Catalog No. RGP14201

Clone ID M6P-1

Host species Rabbit

Species reactivity General

Form Liquid

Storage buffer 0.01M PBS, pH 7.4.

Concentration 1.62 mg/ml

Purity >95% as determined by SDS-PAGE.

Clonality Monoclonal

Isotype scFv-His

Applications ELISA, IHC, WB

Target M6P, mannose 6-phosphate, N-glycosylation

Purification Protein A/G purified from cell culture supernatant.

Endotoxin level Please contact with the lab for this information.

Use a manual defrost freezer and avoid repeated freeze-thaw cycles.

Stability and Storage Store at 4°C short term (1-2 weeks). Store at -20°C 12 months. Store at -

80°C long term.

Note For research use only.
