

# Anti-Human CD261/TNFRSF10A/DR4 Antibody (Fs0356), FITC

## Summary

---

|                              |                                                                                                                                                                                             |
|------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Catalog No.</b>           | FHA05921                                                                                                                                                                                    |
| <b>Clone ID</b>              | Fs0356                                                                                                                                                                                      |
| <b>Host species</b>          | Mouse                                                                                                                                                                                       |
| <b>Conjugation</b>           | FITC                                                                                                                                                                                        |
| <b>Species reactivity</b>    | Human                                                                                                                                                                                       |
| <b>Form</b>                  | Liquid                                                                                                                                                                                      |
| <b>Storage buffer</b>        | 0.01M PBS, pH 7.4, 0.2% BSA, 0.05% Proclin 300.                                                                                                                                             |
| <b>Clonality</b>             | Monoclonal                                                                                                                                                                                  |
| <b>Isotype</b>               | IgG2a, kappa                                                                                                                                                                                |
| <b>Applications</b>          | FCM                                                                                                                                                                                         |
| <b>Target</b>                | TNF-related apoptosis-inducing ligand receptor 1, APO2, Death receptor 4, TRAIL receptor 1, TRAIL-R1, CD261, DR4, TRAILR1, TNFRSF10A, Tumor necrosis factor receptor superfamily member 10A |
| <b>Purification</b>          | Affinity chromatography.                                                                                                                                                                    |
| <b>Endotoxin level</b>       | Please contact with the lab for this information.                                                                                                                                           |
| <b>Accession</b>             | O00220                                                                                                                                                                                      |
| <b>Stability and Storage</b> | Store at 4°C for 12 months. Protect from light. Do not freeze.                                                                                                                              |
| <b>Note</b>                  | For research use only.                                                                                                                                                                      |
