|                                   |                                                                                                                                                                                                       |
|-----------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Catalog No.</b>                | AMK22801                                                                                                                                                                                              |
| <b>Alternative Names</b>          | Low affinity immunoglobulin gamma Fc region receptor II, Fc gamma receptor IIB, Fc-gamma RII, Fc-gamma-RIIB, FcRII, IgG Fc receptor II beta, Lymphocyte antigen 17, Ly-17, CD32, Fcgr2, Fcgr2b, Ly-17 |
| <b>Form</b>                       | Lyophilized                                                                                                                                                                                           |
| <b>Storage buffer</b>             | Lyophilized from a 0.22 µm filtered solution in PBS, pH 7.4.                                                                                                                                          |
| <b>Purity</b>                     | > 95% as determined by SDS-PAGE.                                                                                                                                                                      |
| <b>Applications</b>               | Bioactivity, ELISA, Immunogen, SDS-PAGE, WB                                                                                                                                                           |
| <b>Endotoxin level</b>            | < 1 EU/µg as determined by LAL test.                                                                                                                                                                  |
| <b>Expression system</b>          | Mammalian Cells                                                                                                                                                                                       |
| <b>Accession</b>                  | P08101                                                                                                                                                                                                |
| <b>Protein length</b>             | Thr30-Pro210                                                                                                                                                                                          |
| <b>Nature</b>                     | Recombinant                                                                                                                                                                                           |
| <b>Predicted molecular weight</b> | 21.6 kDa                                                                                                                                                                                              |
| <b>Stability and Storage</b>      | Use a manual defrost freezer and avoid repeated freeze thaw cycles. Store at 2 to 8°C for one week. Store at -20 to -80°C for twelve months from the date of receipt.                                 |
| <b>Reconstitution</b>             | Reconstitute in sterile water for a stock solution. A copy of datasheet will be provided with the products, please refer to it for details.                                                           |

**Recombinant Proteins & Antibodies**

**Species** Mus musculus (Mouse)

**Shipping** In general, proteins are provided as lyophilized powder/frozen liquid.  
They are shipped out with dry ice/blue ice unless customers require otherwise.

**Note** For research use only.
